

Moringa Seed Protein Powder

Your direct source for unique natural ingredients

Known as “The Miracle Tree”, Moringa Oleifera is one of nature’s most nutritious foods. Native to India, Moringa has been advocated as a highly nutritious indigenous source of plant-based protein.

Moringa seed protein powder is obtained from the ground seed kernel after the seeds are cold-pressed for oil. **The powder is 100% pure, contains 60% protein and has been used a protein supplement.** Moringa Seed cake powder also contains all eight essential amino acids (phenylalanine, valine, threonine, tryptophan, isoleucine, methionine, leucine, and lysine). Additionally, cysteine (or sulphur-containing amino acids), tyrosine (or aromatic amino acids), histidine and arginine are required by infants and growing children.

Moringa seed powder is also used to treat water on two levels, acting both as a coagulant due to positively charged, water-soluble proteins, which bind with negatively charged particles (silt, clay, bacteria, toxins, etc.) allowing the resulting “flocs” to settle to the bottom of be removed by filtration. The antimicrobial aspects of Moringa continue to be researched. While there is ongoing research being conducted on the nature and characteristics of these components, it is accepted that treatments with Moringa solutions will remove 90-99.9% of the impurities in water.

Parameters	Specification
Physiochemical	
Appearance	Light Brown Color Powder
Partical Size	100% Pass-through #50 mesh B.S.S
Moisture %	Max 10.0
Total Ash Content %	Max 6.0
Protein %	Min. 50.0
Fat %	Max 5.0
Dietary Fiber %	Min. 10.0
Heavy Metals	
Arsenic (as As)	<1.0
Cadmium (as Cd)	<1.0
Mercury (as Hg)	<0.10
Lead (as Pb)	<1.0
Microbiological	
Total Microbial Count	<10 x 10 ³
Yeast and mould (cfu/g)	<10 x 10 ²
E.Coli (count/g)	Absent
Salmonella (count/g)	Absent

Trade Name	Moringa Seed Protein Powder
Botanical Description	<i>Moringa Oleifera</i>
Product Description	Moringa Seed Cake powder is obtained from ground seed kernel after the extraction of oil
Additives and Preserving Agents	None
Country of Origin	India
Certifications	ISO 9001, HACCP, Organic, Halal and Vegan
Shelf Life	36 months from the date of manufacturing
Storage Conditions	Well closed at room temperature; away from light, heat, and humidity
Product Formulations	Ice-creams, smoothies, fruit juice, drinks bread, cakes, bars, biscuits, confectionery, jams, functional food, protein powder, and animal nutrition.
GMO	Moringa products are manufactured from NON GMO sources. There is no genetically modified Moringa worldwide
Packaging	25kg fiber drums
